

**HANDS-ON WORKSHOP**

# Interactive hands-on Image Interpretation in Complex Cases

**Friday, 12 September 2025**

**EuroACTOS Congress  
Rotterdam, the Netherlands**

**Workshop Room 2 (Veder Room)**

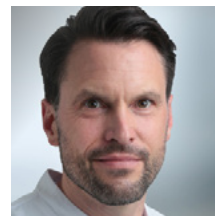

Join us for a series of interactive hands-on IVUS workshops led by Prof. Dr. Christoph Hammerstingl from **Eduardus Krankenhaus, Cologne (Germany)**. Designed for interventionalists looking to sharpen their IVUS skills, these sessions will offer practical, case-based training on the ACIST HDi™ IVUS system, with a focus on imaging in complex coronary interventions.

## What you can expect:

- In-depth, case-driven discussion
- Realistic, hands-on training using demo systems
- Expert tips and tricks for high-definition IVUS interpretation
- Limited group size for personalized interaction

## Register for the session that fits your schedule:

<b>Workshop 1</b>	09:00 – 09:45
<b>Workshop 2</b>	11:00 – 11:30
<b>Workshop 3</b>	13:30 – 14:15
<b>Workshop 4</b>	15:00 – 15:45
